HOSPITAL HAS BEEN SUGGESTED AS A MEMORIAL

Committees Named by City Council and Chamber of Commerce to Hold Meeting With County Committee Next Wednesday Evening.

Chairman R. C. Owens, of the special committee of councilmen named by Mayor Russell to consider some fitting memorial for the Maysville and Mason county men who have fallen on French battle fields and who have served in the great war, has called a meeting of his committee to meet with the Chamber of Commerce committee and a committee from the County Fiscal Court, named for the same purpose, on next Wednesday evening for their first consultation.

Several forms for this proposed memorial to take have been suggested from several sources. It was first thought that a shaft of marble should be erected in the center of the city bearing the names of the Maysville and Mason county heroes. At the annual Chamber of Commerce banquet it was suggested that the memorial take the form of a club room for the men and last night in a meeting of the directors of the Emergency hospital, it was suggested that it take the form of a county and city hospital.

It was proposed that a large sum be raised for the erection and endowment of such a hospital which would serve the citizens of Maysville and Mason county free if necessary so that all could be assured of hospital attention.

All of these suggestions will be considered at the various meetings of the joint committees and some definite form of memorial will be decided upon before long.

PROPOSITION FOR LOCAL TRAIN STOPS TAKEN UP

Mr. W. W. Wilkoff, local agent of the C. & O., at the request of a number of local farmers and tobacco men through the Chamber of Commerce, has taken up the matter of again establishing local stops at Market and Poplar streets with District Superintendent Taylor. It is more like that an answer will be received from Mr. Taylor within a few days.

Fancy New Mackerel just received. R. LEE LOVELL.

Christmas Postcards

We have a complete line of CHRISTMAS CARDS and BOOKLETS. If you want a good selection it will pay you to call at once.

See our window for useful CHRISTMAS ARTICLES.

M. F. Williams Drug Company

THIRD STREET DRUG STORE

Give him a set of
KEEN KUTTER tools
and Christmas happiness will
echo all year long

Nothing can please the man or boy more than a set of fine tools. It is just natural for them to love making and fixing things if the tools are good.

You can't possibly please your husband or brother or boy better than to give him a set of Keen Kutter Tools.

When he sees the name Keen Kutter he will instantly realize what a splendid gift you have made. For nearly half a century it has represented quality and reliability.

You will find when you come to look over Keen Kutter Tools that they are surprisingly reasonable in price. You can get a set as low as \$8.50 that's just the thing for the boy—while his dad will be delighted with the \$15 set. Other sets up to \$25.

Remember that your money will be refunded if the goods are not thoroughly satisfactory.

JUNIOR RED CROSS WILL BE ORGANIZED IN HIGH SCHOOL

Every Student in the Maysville High School is anxious to become a Member of Junior Red Cross.

RED CROSS MAKES FINANCIAL REPORT ON INFUENZA FUND

Officers of Mason County Red Cross Shave Expenditures Made During the Influenza Epidemic.

The following is the final report of the Mason County Chapter, American Red Cross showing the receipts and expenditures handled by it and disposition thereof, during recent influenza epidemic, to-wit:

Receipts

Total cash donations.....\$391.65

225 chickens; 40 lbs. butter;

45 dozen eggs; 45 gallons milk; several baskets of fruit and numerous contributions of vegetables.

Expenditures

Balance to Treasury, local Red

Cross43.02

Total\$391.65

The balance on hand, \$43.02, has been turned into the treasury, local Red Cross Chapter, for future emergency cases. The blankets, sheets and other equipment purchased by us and used in this emergency will be carefully retained for future emergencies; it being the policy and principle of the Red Cross Society to render aid wherever and as often as public necessity may call for it; and to that end it is our purpose to continue the activities of the Mason County Chapter.

Names of the parties making above donations were previously reported in local press. The donations were from twenty-five cents up to twenty-five dollars, and were voluntarily and cheerfully given, and each donor expressed a willingness to give more. It should be noted; again proving the generosity, high character and true Christian spirit of our ever reliable people; to all of whom we return our most sincere and lasting thanks.

Most of the provisions and materials were used at the emergency hospital provided by the county and city; but considerable was used among the sufferers in various parts of the county, and none were neglected that we were given a chance to serve. It is not the policy of the Red Cross to pay for individual services, and therefore, no part of above mentioned donations were so used. All personal services rendered, being without charge or cost to the officers of the various Mason County branch chapters, the collectors and Mrs. M. H. E. French, who so efficiently served as chairman of the work, we return our especial thanks.

Respectfully submitted,
Mason County Chapter, American Red Cross.

By J. N. KEHOE, Chairman.

The past few days has been splendid weather for the stripping of tobacco and it is reported that the farmers in this county and the adjoining counties have been putting the weed in order rapidly which proves the opinion of local tobacco men that there will be full floors on most every sale as soon as the Maysville Market opens and that the sales will be fast.

Mr. Jesse Grover, aged 21, of Augusta and Miss Bessie Lee Smithson, of Germantown, were granted marriage license this afternoon by County Clerk Owens. They will be married at the bride's parents Saturday by Rev. J. A. Davis, pastor of the Two Mile Baptist Church.

Mr. Rollie Lancaster, who met with a rather serious accident on the C. & O. railroad trestle Wednesday evening, is reported as improving nicely at the home of his father in the Sixth Ward.

Mrs. Rev. C. M. Humphrey of LaGrange, Ky., who has been visiting her brother, Rev. J. J. Dilley, left yesterday for Flemingsburg to visit relatives before returning home.

Try our John Holland's guaranteed Self-filling Fountain Pens new model or a solid gold or gold-filled or sterling silver pocket knife.

MURPHY, The Jeweler and Optician.

Mrs. James Cullen goes to Newport this afternoon to meet her son, Theodore Cullen, returning home from camp having been mustered out.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

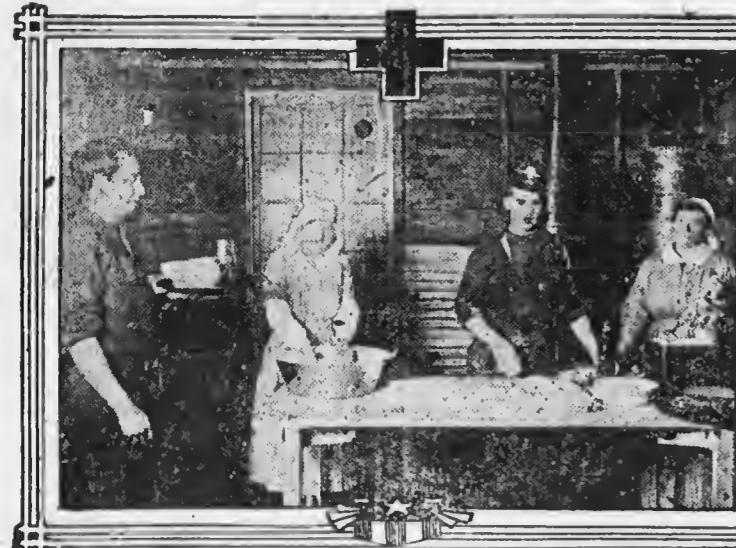

HOW THEY MUST HAVE LOVED HIM

Complete revelation of German bribery and attempted bribery and arson in this country, as related in testimony given by A. Bruce Belaski, and recounted in the telegraphic news of yesterday, climax with startling distinctness matters of which the public already had had more than a mere inkling. These revelations, growing out of a Senate investigation of the sale of the Washington Times to Arthur Brisbane, go far beyond this subject and cover every phase of German propaganda in the United States and Mexico, involving many wealthy foreigners and not a few Americans supposed to be above contamination of this sort. It is shown in Belaski's report to the Senate that the State Department and the Department of Justice were never far behindhand in knowledge of these transactions, and the wonder is that the Administration was able to suppress so many startling facts which, had they been made public at the time, would have caused more than a sensation. Bernstorff, for example, had his crimes been known beforehand, never could have made the peaceful and unperturbed exit that he was permitted to make.

We can now clearly see that the form of the declaration made on April 6, 1917, which did not declare war, but merely recognized that through Germany's acts a state of war has been created, was entirely logical. Germany had long been waging war on us when we shot back. Imagine how an honest man like Secretary Lansing must have felt as Bernstorff crawled about! How strong must have been the impulse to kick him downstairs.

To what degree were the men sincere who now say they had no idea of how they were being used and how they were ticketed on secret German archives? If we acquit them of conscious dishonor they must be convicted of a stupidity rare among men of their class. It is safe to say that the majority knew what they were doing.

Now another propaganda is on in this country. The Bolsheviks seized the billion dollar gold store of Russia. Where is this money now and what is it doing? It is known much of it has come out of Russia, and bound west, has passed through Sweden.

HEALING WOUNDS OF WAR BIGGEST JOB OF RED CROSS

Broken Homes and Men Must Be Rebuilt—Re-education of Disabled Soldiers for Future Usefulness.

They are already rebuilding the broken homes of France. And they are already rebuilding the broken men. Over here we, too, are getting ready to devote to the same task the best of American skill and genius.

For each million of our men who enter action ten thousand will be so crippled as to need mechanical appliances, and they will have to be specially educated to use these so that the action of the missing limbs will be reduplicated as closely as possible.

If the Germans had had the entree to certain parts of France just now they might have seen fields that they once destroyed yielding their best crop in years. And they might have seen some of these fields being reaped by men they thought had done for.

They were men with varying degrees oflessness and armlessness. Some ran (and repaired) tractor engines. Some, with both arms gone above the elbow, spaded the ground with the aid of a clever mechanism to which the spade was hooked. One man, who also had but the stump of each arm left, not only used a scythe but kept it sharp.

The Red Cross is running a five-hundred acre farm in France on which the maimed are taught the use of farm implements and the care of domestic animals, and is already laying its plans for great work for the maimed in this country. The end and aim of all its work will be to fit men to return to their own homes, and re-enter, as nearly as possible, their former place in life.

Sometimes these re-educated men take a far higher place in the community than they occupied before. For instance, men who have been automobile mechanics, and whose legs were maimed, have been re-educated in mechanical drafting. Bridge work

MAY RECLAIM LAND OF KENTUCKY OFFICIALS THINK

Government May Reclaim Certain Land in Kentucky For Soldiers' Occupancy.

Assistance in ascertaining the area of land in Kentucky that might be reclaimed for occupancy by soldiers after the war is to be rendered by the Louisville Board of Trade to the United States Reclamation Service.

An outline of the project is to be prepared and printed by the Board of Trade, and together with a questionnaire, is to be sent to various county chairmen, county clerks, agricultural agents and railway industrial agents. Furthermore, the State College of Agriculture is to be requested to send a representative through likely territory for the purpose of securing options.

This action on the part of the Board of Trade follows a visit here of H. B. Griffith, representing the United States Reclamation Service. He asked the Board of Trade to take up the matter of securing data as to the areas that might be available through options to the Government.

Secretary Morrow called into consultation Capt. Charles F. Hughe, president of the B. F. Avery & Sons Company; Dr. Fred Mutchler of the State Department of Agriculture Extension, and the Industrial agents of the L. & N. and Southern Railways. It was the belief of these gentlemen that there are a considerable number of areas in Kentucky, particularly in Western Kentucky, subject to reclamation, although for the most part these are not areas as extensive as the minimum specified for the Government as being acceptable for purchase.

Mr. Griffith has since been in Washington, where the question as to whether the Government would consider tracts of less than 10,000 acres to be discussed.

THE GOVERNOR DEPOSED BY ITALIAN GENERAL

Rome, December 13.—Armando Fracarollo describes the dramatic deposition and departure of Croat governor of Flume in the Corriere della Sera. General Sammarzano disembarked at Flume on November 17 and went straight to the palace of the government.

Arriving there he was introduced to the executive office of Count Belarmino Lenae, governor of the city, and noticed at once that portrait of Emperor Francis Joseph and of Charles I. were still hanging on the wall.

"I have come," the general said, "in the name of Italy to assume command of the city and maintain order."

Lenae answered: "As the representative of the Jugo-Slav national council, I protest against this usurpation of authority."

I will not discuss the question," General Sammarzano replied. "I am a soldier and must carry out my orders without question."

"I yield to force," Lenae answered, "but enter a protest."

To this General Sammarzano retorted: "Do as you please about that, but you must go away."

As soon as Count Lenae left the palace the portraits of the two emperors were cast into the fire.

Try a Ledger Want Ad. It Pays.

men have made similar advances. A Canadian mechanic who was maimed and afterward re-educated became a foreman at more than double his former pay. It was only their seeming misfortunes that opened for these men the opportunity to secure the education their talents merited.

The Red Cross sends out a strong warning against mistaken kindness toward the maimed men who are even now returning. If, it says, the public insists on making lions of these men, it will end by making them babies. If employers hunt through their plants for "snaps" for them, and give them jobs that mean little more than holding down stools and reminiscing about their daring deeds, then indeed shall complete the work of destruction for them, maiming minds as well as bodies.

We, the American people, are going to be asked to spend more time, more money and energy keeping these men in the game that it would cost to merely support and amuse them and let it go at that. We must make them special harnesses, actually and metaphorically, and then have patience while they are getting adjusted to it. And we must see that they have their chinmates at suitable employments.

But these men are going to have something more than just marvelous appliances that will enable them to do almost any kind of work. These men's tremendous sacrifices won't be paid back by letting them in on life's work, but not its social game. So they are going to have Sunday arms and legs as well as the work-a-day wonders! A man with both hands gone may, with perfectly maimed fingers, light his own cigarette or play cards. And a man with his face so ravaged that his best friend could not restrain a shudder may wear, over the disfigured part, a mask that is perfect and delicate, a work of art and science.

Sometimes these re-educated men take a far higher place in the community than they occupied before. For instance, men who have been automobile mechanics, and whose legs were maimed, have been re-educated in mechanical drafting. Bridge work

NATIONAL CHAIN OF COMMUNITY FORUMS FOR CONSIDERATION

Nation-wide System of Popular Forums Being Organized by National Security League

New York, December 13.—To stimulate public interest in the pressing problems involved in the readjustment of the affairs of the nation to a peace basis, and to provide an opportunity for the participation of all the people in the discussion of reconstruction measures, the National Security League announces today that has taken the first step in the organization of a nation-wide system of "National Security Community Forums". Bodies of wide-awake citizens in cities and towns, large and small, throughout the country will be gathered together by the League much on the plan of the lyceums well-known in rural districts. The League will perfect the organization of the "Forums" through the medium of its 231 branches, scattered in all the states.

The attention of the "Forums" will first be directed toward a discussion of the seven basic post-war activities of the National Security League, as set forth in the recent announcement of the reorganization of the League's work, viz.—

(1) Urging a just and careful peace treaty.

(2) Steadying the nation by a great propaganda for the maintenance of the principles of freedom, justice, law and liberty.

(3) Following up the post-bellum needs of sympathy and recognition of the soldier wounded.

(4) Creating a just administration of law regarding naturalization.

(5) Teaching the meaning and value of our Constitution and the maintenance of our national integrity.

(6) Creating a greater regard for representative government, as distinguished from mass administration. Protecting our national legislature from dangerous proletarians.

(7) Maintaining an enigma for the use of the English language by all citizens and permanent residents.

Col. Charles E. Lydecker, President

of the Security League, sets forth the League's plan in the following letter sent by him today to the Chairmen and Secretaries of the League's 231 branches.—

"The general labor of enlightenment in the nature of educational work in our various schools and institutions of learning on the subject of Universal Military Instruction and Training, securing the election of representative and able men for our legislators, securing the broadest comprehension of the ideals of the government, the meaning and value of our Constitution and the preservation of our national integrity, and other topics, are matters of propaganda which can emanate only from one center. More discussion of these subjects in the various localities, however, would help the work of the League.

"The suggestion has been made of the creation of 'National Security Community Forums' where these general subjects could be presented to the citizens of your vicinity and those of other branches. It is perfectly clear that local activities must depend upon local leaders in local communities. Twenty-five men imbued with the purposes of the League and anxious for its success in carrying out its aims, are worth more than five hundred men who passively stand by and watch what others are doing instead of bearing their share of the burden.

"We would wish that these twenty-five men would rally twenty-five times their number but they alone could work wonders in their respective fields.

"The League will do its best to furnish the literature and other help to carry out this suggestion. What is the situation in your community and among your thoughtful men? May I ask that you will give this letter your careful attention from the stand-point of advancing the interest of the League in its work and of enlarging the membership of the League?"

In further discussing the post-war program of the League, Col. Lydecker said today.—

"As a consequence of the Great War, the world has become, at the termination thereof and the triumph of the principle of popular government over autocratic, or class, supremacy, a seething, tumultuous number of separate groups, or peoples, who are entering upon, or are engaged in, trying to find themselves.

"This National is one of those groups, and reforms, reconstruction, revision and readjustments are of necessity the task of men of thought, ability and influence.

"There is the need today, as in the days of our Revolution, of men like Franklin, Adams, Jefferson, and their associates, men who have some knowledge of progress, but who are wise enough to cling to the fundamental truths which time and experience have shown to be necessary for public welfare, and not to be swept from their feet.

"This organization as an agent for National Security, safety and prosperity, has passed the peak of its first task of teaching preparedness, and now, having practically finished its ex-

hortation to war for a peace with victory, has had to determine the national tasks in which it can maintain its influence and lay out the activities in which it shall labor.

"To accomplish the ends outlined, the League must be both aggressive and conservative, always right in whatever stand it takes, and always securing the approval of its members.

"To carry into effect the prospective activities, committees have been created. No general committee on "Reconstruction" has been included for the reason that this word comprehends the entire field of readjustment, which is multifarious. Every subject admits of separate consideration, and the time is not ripe to go into the subjects which will be controlled by the Terms of Peace."

A FOOD QUESTIONNAIRE

1. Why doesn't the government do something about prices?

The law gives no authority to fix any price to the producer except wheat. The Food Administration provides against profiteering by manufacturers, wholesalers, or jobbers and provides against waste and speculation in the main channels of trade; 815 penalties were enforced in 10 months by the Food Administration. The Administration points out a method of fixing fair prices by local committees. Each community must police its retail prices, and nobody else can.

2. Why doesn't the government lay down a schedule of rations?

There is no schedule of rations that will suit all people. There is one necessary portion for a coal heaver and another for a retired clergyman; one for a boy with hollow legs and another for a young salesman, another for a middle aged accountant. The mother who feeds four children, sweeps, cooks, sews, scrubs, and works in the garden cannot live on what would suffice for the dear old lady with folded hands. What is an abundance for one Florida piazza would be famine for a lumberjack there it's 20 below.

3. How can every household work out a wise and patriotic ration?

The ration must be set by every household and by every individual according to age, occupation, activity, and residence. Finding the ration for each home and person requires intelligent study of food values and advice from those who know how much nutrition is in each sort of food and how much it takes to keep going.

4. Why not compulsory rations?

The success of America's great democratic experiment of Food Saving on the volunteer basis, as compared with the partial failure of all compulsory schemes, is the best answer.

COUNTY BAN MAY BE LIFTED SOON

If the conditions continue to improve in the next few days as they have in the past few, it is more than likely that the County Health officers will begin considering lifting the ban in the county. It is certain, however, that the ban will not be lifted in time for county churches to have services on the coming Sunday.

We have our present relief from the

THESE TWAIN SHALL LIVE FOR YE

Washington, December 13.—The Republican Publicity Association, thru its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"The very brief and incomplete account of the demonstrative welcome given Premier Clemenceau and Marshal Foch by the people of London is an indication of that wide-spread recognition and hearty appreciation of the vitally important part taken by these two men in the conflict which has so fortunately closed. Given the chance, Americans will manifest similar recognition and appreciation though in that more enthusiastic manner characteristic of the American people. One of the first acts of Congress should be the adoption of a Joint Resolution inviting Clemenceau and Foch to visit the United States as the guests of the nation in order that our guests may express their gratitude for leadership which saved the world from the ravages of the barbarous war."

"Come on Clemenceau, come on Foch; Good old Tiger, Good old Fighting."

MUST BE SOLD AT ONCE

Four-room dwelling in good condition on Third street near Wood. Has 2000, water and necessary outbuildings on lot 33x107. Hurry up and see Phos. L. Ewan & Co.

menace of the Prussian heel.

"Nor shall we forget that to Clemenceau's sagacity, insistence and courage is due the credit for appointing Ferdinand Foch as commander in chief of the Allied forces. History will write Clemenceau as the great domineering spirit of the war and Foch as the great military genius of the century and quite probably of the ages.

"Come on Clemenceau, come on Foch; Good old Tiger, Good old Fighting."

WILL ENFORCE DOG LAW

The following letter from Commissioner of Agriculture Mat S. Cohen to County Clerk J. J. Owens, will explain itself:

County Clerk J. J. Owens. Dear Sir: Replying to yours of November 30, in which you ask in case a man should come to the office between the 5th and 10th of January and ask to have license issued him for his dog or dogs whether or not you should issue or refuse to do so by closing your books as required by the act of January 1, beg to advise that the law states specifically and emphatically that all dogs must be licensed on or before January 1, 1919, and after that date should any owner who has listed his dog, or who owns a dog asks to have same licensed, you should immediately swear a warrant for him for the violation of this act, or else notify the Sheriff with a written notice to the effect in order that the Sheriff may proceed to carry out the provision of this act.

I say to you frankly this law is put on the statute books to be enforced, and you may say to your people that it is going to be enforced regardless of who the violator may be.

The department can serve you further in this or any other matter only command believe me. Yours very truly,

MAT S. COHEN, Commissioner of Agriculture

TO THE PUBLIC

As the money collected on dogs, goes now to the sheep fund (the old law being repealed) it is very important that every one owning dogs please call at the County Clerk's office and take out license on same. Should you know of any persons having dogs, upon which no license has been paid, and you wish to collect something for the sheep that have been killed, it is your duty as a citizen to report the same to the Sheriff, for if these license are not collected, there will be no fund from which sheep claus are to be paid.

J. J. OWENS, Clerk.

DOUBT DISAPPEARS

No One in Maysville Who Has a Bad Back Should Ignore This Double Proof.

Does your back ever ache? Have you suspected your kidney? Backache is sometimes kidneyache. With it may come dizzy spells, sleepless nights, tired, dull days, digestive and many disorders. Doan's Kidney Pills have been endorsed by thousands.

Are recommended here at home. You have read Maysville proof. Read now the Maysville sequel. Renewed testimony; tested by time. Mrs. John Burns, West Second Street, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quiet and decided honest I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since. (Statement given February 13, 1914.)

NO TROUBLE SINCE

On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I took them."

Mrs. Burns is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S CIDNEY PILLS, the same that Mrs. Burns had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Prop., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

Every man has a future before him, although he may never quite catch up with it.

SENATE AGAINST PLAN TO EXTEND RAILWAY CONTROL

Democrats and Republicans Both Express Disapproval of Director's Proposal—Test of Governor's Ownership, Is Claim.

Washington, December 13—Recommendation of director-general McAfee that government control of railroads be continued to January 1, 1924, gave impetus yesterday to Congressional consideration of legislation looking to a solution of the railway problem and also was the subject of brief debate in the Senate.

The Senate interstate commerce commission was called to meet next Thursday to discuss Mr. McAfee's letter and other phases of the general railroad subject, while the House committee will meet today with the exception that the Director-General's recommendation will be taken up.

Aside from the opposition voiced by Senator Kellogg of Minnesota, Republicans, on the floor of the Senate yesterday, many members, both Republicans and Democrats, were said to have expressed disapproval of Mr. McAfee's proposal, but none of them spoke for publication.

Senator Kellogg, charged that Mr. McAfee really proposes a five year test looking to permanent government ownership of the carriers, and added that if government control is extended for five years it would be impossible to return the roads back to private ownership.

Senator Smith of South Carolina, chairman of the Senate Commerce Committee, declared that Mr. McAfee's proposal was merely a personal opinion, probably of unusual weight but not conclusive upon congress, to which President Wilson has submitted the question.

Mrs. Minnie Hiedrick has been awarded a divorce from her husband, James Hiedrick, in the Mason Circuit Court. The divorce is absolute and the wife is given the care of their three children. The affairs have been mutually adjusted and the husband is relieved of alimony or maintenance of either the wife or the children.

BANK OF MAYSVILLE

ESTABLISHED 1835. MAYSVILLE, KY.

PRESIDENT IS WELCOMED BY THE FRENCH AT BREST

President Wilson's Ship Arrived at Brest Shortly After Noon Today
—Guns Shout Salute.

Brest, France, December 13—The George Washington, with President Wilson and his official party aboard, arrived off Brest shortly after noon today.

At 1:10, preceded by its convoy of warships, the steamship entered the harbor and steamed slowly toward its anchorage.

Instead of the presidential salute being fired by all the warships, as planned in the original program, the George Washington steamed between the double line of battle craft in the midst of the most impressive silence.

The shore batteries previously had saluted the president as the liner entered the harbor.

The official tug, bearing the party of officials who will first welcome the president, drew alongside the ship at 2 p. m.

The drizzle of rain, which had continued for several days, ceased with the first break of day.

At the same time, the blanket of fog over the harbor began to lift, revealing the gaily decorated craft and the gray, encircling hills, which served as a frame for the brilliant picture. The city was picturesque in its holiday attire of flags and bunting.

The president's lucky number was doubtless lucky by the fact that this is Friday, the thirteenth, and the weather was doing its part in providing the proper setting for the historic event, in which, for the first time, a president of the United States set foot on foreign soil.

The George Washington passed over the grave of the Lusitania, southwest of Ireland, late yesterday. Many ships from Queenstown met and saluted the big liner.

Fred Bassett, popular Mt. Sterling traveling salesman, is in the city today calling on his trade and giving his many friends the latest joke.

We offer One Hundred Dollars Reward for any one of Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts directly on the mucous surface, recalling the poison from the blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.
